DIVE LAUNCH TIMES

Weekdays: Meet at the dive centre at 7 am for 8 am launch. Sometimes this is a double tank dive.

Weekends: Meet at the dive centre one hour before these launch times, rebreather divers please arrive earlier: Launching 7 am; 9 am; 11 am; 13 pm .

The launch is a beach launch then out through the surf, on an 9m zodiac, which holds 11 divers and the skipper. Enjoy a short 15 – 20 minute ride out to the famous Aliwal Shoal for your reef or wreck dive.

Downtime is usually one hour, and the turnaround time from launch to beaching takes about 2 hours. Your dive is lead by an experienced Dive master or Instructor on every dive. Most of the dives are drift dives and we usually decide where to go on the morning of the dive, depending on currents, wind, diver experience etc.

THE BOATS

9m semi-rigid super ducks/zodiacs (RIB) powered by two 115 hp outboard motors. On board is full safety equipment in accordance with DAN Safety Partner standards, including lifejackets to use while travelling through the surf zone, emergency oxygen, first aid kits, fire extinguishers, radios and GPS.
